

For Immediate Release:

St. Louis, Missouri

March 16, 2009

St. Louis area company to donate useful cabinets and appliances to charitable organizations in community

Beginning March 24, 2009 Signature Kitchen and Bath will offer useful cabinets and appliances from kitchen remodels when appropriate in the St. Louis Metro community to our partners.

Bill Lucas, Vice President of Sales at Lami Wood Products Corp described one of the goals of this campaign. “We will identify cabinets and appliances which are still useful from those homeowners whose kitchens we are remodeling. In coming months, we will offer them to organizations who can help those who may benefit from them.”

Signature Kitchen and Bath showrooms are located in Manchester, St. Peters Missouri and Fairview Heights, Illinois. Mr. Lucas went on to say “we will give special incentives to homeowners that we have never before offered, to allow them to join us in this opportunity to support the community and the economy.”
