

# Signature

KITCHEN & BATH

## Our 4 Step Process

**1. DISCOVERY MEETING** - When you provide us with your measurements (or a copy of your plans from your builder) we schedule a “discovery meeting” to discuss all of the design elements you would like to see go into your project. In this meeting we will discuss everything from the cabinets and countertops to plumbing fixtures and floor and backsplash. Once we’ve compiled all the input we need from you, we’ll get to work on your project.

**2. DESIGN CONSULTATION** - After we’ve completed our first design draft, we’ll set an appointment for a “design consultation.” You’ll want to allow yourself 1.5 to 2 hours for this meeting to discuss all aspects of the project. With Signature, you have the opportunity to get a feel for the company, the designer, and the scope of the project before you incur any costs. Only when you’re satisfied do we move forward.

While most design centers of our quality charge \$750 to \$1,500 for design ideas, we provide this service absolutely FREE.

**3. HOME MEETING** - The next step will be a meeting at your residence to check the measurements and confirm that everything fits just right. If Signature is installing the project, this meeting will include our installer as well.

**4. ORDERING** - Once the installer, designer and you (the homeowner) concur on all the design elements and we’ve made sure that the construction alterations have been properly planned, we can move on to the ordering stage and begin to make your dream a reality.
